

School Overview

St. Matthew Christian Childcare with Footsteps Preschool is dedicated to providing a quality Christian- based education for the whole child.

Spiritually:

At St. Matthew, we recognize that it is important for children to feel good about themselves and to know that God loves them. We have regular Bible lessons and maintain prayer time throughout the day.

Emotionally:

Children have opportunities to express their feelings through many different activities such as dramatic play, art, music and movement, and literacy activities. This includes math and science, prayer and praise to God.

Physically:

There are numerous opportunities for children to discover and manipulate various materials for learning. Our beautiful wooded setting allows children to run, jump and play safely outdoors.

Academically & Mentally:

At St. Matthew, the children interact with adults and other children in cooperative settings. They have opportunities to learn and grow by use of manipulative materials and learning adventures.

School Overview

St. Matthew Christian Childcare with Footsteps Preschool has been serving the Tri-Cities community since 2005.

We are a mission of St. Matthew Lutheran Church, affiliated with the Lutheran Church-Missouri Synod, a system with more than 1800 early childhood centers, 900 elementary schools, about 100 high schools, 10 universities and 2 seminaries throughout the United States since 1847.

Our purpose is to help build a strong spiritual, intellectual, emotional, physical, and social framework of reference for our children. This will create a strong foundation for later, more formal education.

Most importantly, each child needs to develop positive self-esteem and know that God loves them.

St. Matthew Christian Childcare with Footsteps Preschool offers Infant through age 12, childcare and preschool
